

WRD BOOK EXPLORER MAP

Why not be inspired and create your own Book Explorer map!

And, if you share them with us at david@wrdmag.co.uk, we can feature our favourites in the next issues of WRD magazine.

Steps to creating your own explorer map

Step 1
What are you really interested in? This could be a sport, gaming, a TV show, a type of book, or a particular author, a hobby or anything.

Step 2
Find a book or magazine about that subject.

Step 3
Connect that book to another book via theme, subjects, location, or vibe.

Other bookish activities to inspire you

- Design a book cover for your favourite book or series
- Make a bookmark
- Record yourself reading an extract of your favourite book to share with a friend
- Recommend a book to a friend
- Ask a friend to recommend a book to you
- Ask your family or teacher what they are reading
- Make a rainbow book display, grouping books together by the colour of their covers
- Get Caught Reading - create a display of people caught reading around your school
